The Sunny Pages

At home art activities to brighten your day

“Hair Game”

This activity is appropriate for ages 7 - 12

Time from start to finish = 30 minutes

You will need the following materials:

- Paper
- Pencils, Markers, Crayons, etc.
- Random objects from round your house and yard (beads, rice or beans, leaves, yarn, etc.)

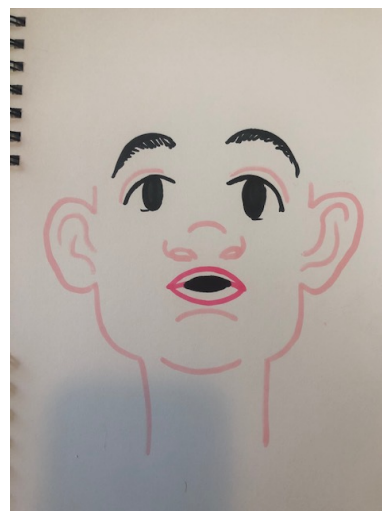

Brief project description:

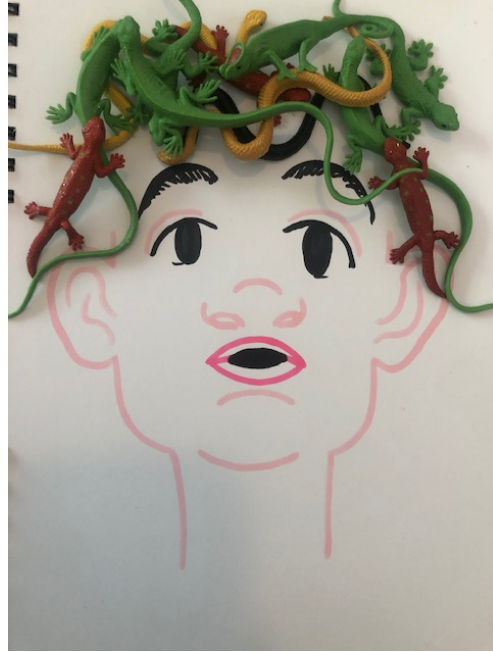

Using uncommon materials, create wacky and inspiring hairdos for your characters. This fun visual game can help you dream up new ideas and get you out of a creative rut!

Steps

- #1: Using markers, pens or whichever drawing material you choose, draw the bottom half of a character's head leaving the top portion blank. On the top of the head and where the hairline would normally start you will create 3D hair using unconventional materials.

- #2: After gathering several material options, arrange them around your character's head to create a hair style! These materials can take the same shape as typical hair styles or be completely imaginative. Take a photo and compare all of the different styles you create. Different materials will create different moods. Flowers can be soft and feminine, yarn can be fun and playful, and grains and beans can feel vibrant and warm. Try out all the different options you can think of to create unique images and character ideas.
